# How do I create text links?

Here is how to create a text link:

1. Type the text into the Text Widget that you want to be the link text.
2. Highlight the text.
3. Click on the Link Icon on the Edit Toolbar.

The Link Editor Dialogue box will open up allowing you to link to:

1. Another page of your site
2. An external URL
3. An email address
4. A file
